

Marconi Segovia

Backend Developer (C#, .NET, SQL, AWS)

San Salvador, El Salvador (GMT-6), remote with US teams | Email: hnrygmz@gmail.com | Website: marconisegovia.site |
GitHub: github.com/MarconiSe | LinkedIn: linkedin.com/in/marconisegovia

Summary

Backend developer working with C#/.NET, PHP and SQL. Three years delivering production web projects for US clients: PHP and MySQL development, REST API integrations, and the AWS Lightsail servers they run on. Current focus is .NET backend development: ASP.NET Core Web APIs, Entity Framework Core with SQL Server, ASP.NET Core Identity, JWT authentication, role-based authorization and xUnit testing. English C1.

Skills

Languages: C#, PHP, SQL, Python, JavaScript

Backend: ASP.NET Core Web API, Entity Framework Core, ASP.NET Core Identity, JWT authentication, REST APIs

Databases: SQL Server, MySQL, MongoDB

Infrastructure: AWS Lightsail, Linux, Apache, Let's Encrypt SSL, DNS, SSH

Testing and tools: xUnit, Postman, Git, GitHub

Experience

Visual Media Specialist (Web Development), Van West Media

Remote (New York, NY) | Sep 2023 – Present

- Build, deploy and maintain production websites and landing pages for US agency clients.
- Develop custom WordPress themes in PHP and MySQL, including REST API endpoints and third-party integrations (forms, CRM, analytics).
- Provision and maintain servers on AWS Lightsail: Linux, Apache virtual hosts, SSH, Let's Encrypt SSL, DNS, databases, backups, and staging-to-production deployments.
- Improve Core Web Vitals and accessibility (WCAG) across client sites.
- Translate requirements from US-based marketing and client teams into technical implementation.

Multimedia Creative, USAID program (Ternova)

San Salvador, El Salvador | Dec 2022 – Sep 2023
